

Network of Christian Ag Professionals

“If a brother or sister is poorly clothed and lacking in daily food and one of you says to them ‘Go in peace, be warmed and filled’ without giving them the things needed for the body, what good is that?”

James 2:15-16

Are you serving or being called to serve to advance the gospel of Christ around the world today? Do you have experience working in agriculture in the US or abroad? Do you have a heart to teach a man or woman how to fish? Have you witnessed the power of faith and works together? Do you believe there is strength in being connected with others working to reach the unreached with Christ? Are you serving people hungry for food and the gospel and need help meeting the physical needs?

We believe there is an opportunity to connect agriculture workers who have a passion for Christ with ministries and projects around the world sharing the love of Christ. Building one resource where those looking for help can find it and those looking to help can become involved.
